TNW announces new tech space in Amsterdam West

TNW today announces the opening of a third space in Amsterdam, this time situated in the Westas, one of the city's greenest neighborhoods.

TNW West will allow the expansion of the community in Amsterdam, connecting and supporting more fast-growing tech companies and talent. In partnership with MRP Development, one of the largest property developers in the Netherlands, TNW will be operating an additional 6,000m² of tech space at the new location, bringing the total footprint of our spaces in Amsterdam to 15,000m². TNW West will be part of WFC Amsterdam, a unique space that will be transformed in the coming years to become a multi-functional hub with easy access and 24/7 facilities.

Amsterdam is one of the fastest growing tech hubs in the world, with emerging talent and international companies setting up their European headquarters in the Dutch capital. Together with the media side, events, and innovation programs, the new spaces will be tailored to the needs of fast-growing tech companies. TNW is proud to house companies like Stripe, Ring, Scribbr, Miro, and DOTT, and look forward to welcoming more tech talent to the new space.

ABOUT INSIDE TNW

Here you can get a sneak peak inside TNW, the stuff we don't publish on our media platform. In case you have missed it... TNW is a global digital brand that inspires and connects people who love tech, through media, events and services.

We have several branches: [Media](#), [Events](#), [Intelligence](#), [Innovation services](#) and [Spaces](#), that all build onto each other to create a virtuous circle of awesomeness for the tech ecosystem.
