Details After a tough selection round and regional finals, 18 promising start ups with a sustainable business idea have been invited to the European Final of the Ben & Jerry's Join our Core Competition. Peerby's founder Daan Weddepohl was able to win the second price and can definitely say that Peerby is one of the most promising social start ups in the Netherlands.

Peerby has already won the Postcode Green Challenge in 2012 and is having big plans for this year. Through Peerby you can borrow anything you need from the people in your neighborhood and can thereby save money, help the environment and meet your neighbors. The website & I-phone app has launched an english version of its service about one month ago and is planning on a rapid growth in and outside the Netherlands in the next few month.
