## Incident on 2nd March 2016

Eindhoven, 2nd March 2016

**This morning at 08:15hrs, an incident was reported at Eindhoven Airport.**

An ASL Aviation Group Cessna Citation 525 business jet was stranded on the runway during take-off due to issues with its wheels.

There is currently no information relating to the consequences of this incident, except that the airport is closed until further notice to all air traffic until 11:00hrs.

Any developments in relation to the incident will be published by Eindhoven Airport on its website and through Twitter as soon as possible.

---

## ABOUT EINDHOVEN AIRPORT

Eindhoven Airport, with over 4 million passengers in 2015 the second largest airport in the Netherlands, boosts the business climate in the south of the Netherlands and is crucial to the region in achieving its ambitions. The airport is aiming for a broad portfolio of destinations. Flights depart from Eindhoven Airport to over 70 destinations. Speed and the total airport experience are its added values. Eindhoven Airport connects Brainport to Europe in particular and makes the region internationally accessible. With 1500 direct jobs the airport has grown into one of the region's largest employers. According to the agreements between national and regional stakeholders, Eindhoven Airport will have the space to grow to some 5.5 million passengers in 2020. The growth will be achieved with the support of the local community and within the frameworks of the Alders Opinion and the Dutch government's Air Travel Policy Document. Eindhoven Airport pursues an integrated policy for growth, the environment and sustainability.
