Dutch Telecom provider KPN helps future Iphone 6 Plus owners to prevent #Bendgate

Info Amsterdam | Published on: September 26, 2014

Summary **During the launch of the iPhone 6 in the Netherlands this morning, Dutch telecom provider KPN made sure future iPhone 6 Plus owners don't have to worry about bending their brand new Iphone 6 Plus. While waiting in line to get their new Iphone, a mobile tailor offered to supersize people's pockets.**
