Emilia Pedersen Releases Second Single, Missing Myself

Missing Myself Available Now on All Major Platforms

(Los Angeles, CA) December 18, 2020 -- Emilia Pedersen, releases her second pop single, “Missing Myself”. The new track follows the successful hit single, “Skyline”, released earlier this year.

“Missing Myself” is about character evolution and becoming reliant on yourself and not others. The upbeat pop track promotes the message to ‘always be yourself, never be afraid to be different.’

Emilia’s alluring voice sings in the “Missing Myself” song, as the music floats back and forth between high and low notes, creating a masterful single.

Speaking about her new track, Emilia says, “I enjoy creating music that people can relate to and I love writing about different stories. ‘Missing Myself’s lyrics are more specific to the character we all created together when we were writing. It’s about personal growth.”
