Darko The Super Releases His Latest Album, "Great White Buffalo"

DARKO & DEAN
THE SUPER & FRIEDMAN

**GREAT WHITE
BUFFALO**

(Los Angeles, CA) November 23, 2021 – Philadelphia-based rapper **Darko The Super**'s latest project, "**Great White Buffalo**" is now available across all major music platforms. Known for his unique sound and diverse background, Darko the Super reworked singer songwriter; Dean Friedman's "*Rumpled Romeo*" originally released 40 years ago this year.

The album features innovative versions of songs from Dean's 1981 masterpiece. Complete with reimagined tracks like "*Buy My Baby a Car*," now titled "*Buy My Baby a Used Fiero on Craigslist*," and "*Nookie in the Mail*" reworked to fit the new millennium as "*Nookie Through the Phone*." With more straightforward versions like "*First Date*," the album's catchy melodies and weirdo rap style set him apart from other artists in his genre.

Darko The Super first got into Dean Friedman after listening to a cover of his legendary hit "*Ariel*" by Ariel Pink's Haunted Graffiti. He searched and found the original, and it quickly became his favorite song. Much like most of Dean's music, "*Ariel*" resonated with him on a personal level, thus magnetizing and inspiring him to jump-start the creative process that would eventually produce "**Great White Buffalo**."

Initially reaching out to Dean in the summer of 2019, Darko the Super had the idea to do a split 7" with Dean's original hit single "*McDonald's Girl*" on the A-side and a remix on the B-side. Much to his surprise, Dean gravitated to his version and shared a mutual respect for his music which is the highest honor a sample-based producer could receive.

The album features a rare verse from Exile, a guest feature from Fatboi Sharif, and a shredding saxophone solo from the Saxsquatch himself. Brilliant with exquisite quality and an innovative sound, the album is different without being overbearing. "**Great White Buffalo**" brings originality and creativity to the forefront and paves the way for Darko to establish a strong foundation and influence in the music industry.
