# Ally Eandi Airs Unfiltered Emotions in 'ghost boy.'

**(Los Angeles, CA) February 4, 2022** - With numerous critical acclaim as a recording artist under her belt, it's hard to believe that **Ally Eandi** just started her musical journey less than a year ago. This Golden Gate City product emerged in June 2021 with her debut '*My First Dance*' and is now back with her fourth single, '**ghost boy**.' Joining forces with an all-women team of creatives, '**ghost boy**' addresses that experiencing a breakup is like grieving the death of somebody you loved. Unlike any other, it is a breakup song that uses the metaphor of being in love with a ghost to convey strong emotions. Through this whimsical pop-punk production, listeners will undoubtedly connect with Ally on a heartfelt level.

Bringing the pop-punk swagger of acts like Girl In Red, Chloe Moriondo, and Olivia Rodrigo, 19-year old singer-songwriter **Ally Eandi** never fails to showcase her confidence and emotions while never losing sight of the raw passion and fairytale-like lyrics she is known for. This current project sees the artist working with producer *Kate Malone* (Sam Hunt, Emma White, Alana Springsteen) and NY-based mastering engineer *Gabi Grella*, and will go to prove further that Ally Eandi is rapidly emerging to the forefront as one of the brightest lights in the music scene.
