

Tune in with Karang; world's first multi-string guitar tuner app

Press Release October 11, 2018

While Chordify helps musicians worldwide to hit the right chord, Karang keeps them tuned in. The freshly released Karang app for iOS, is the first free multi-string guitar tuner in the world. Created by the world's leading audio engineers, Karang enables guitarists to tune all strings at once.

In one single strum, Karang detects which strings are out of tune. Combining clean design with the world's best sound recognition algorithm, Karang is easy to use and super accurate. Compared to other tuners, where you hit strings separately, Karang enables guitarists to tune faster than ever.

The brand-new Karang app is designed to help both beginners and professionals to tune fast and jam more. Perfected for the acoustic guitar and equipped with noise-cancelling technology, Karang also works in crowded areas. This way Karang assists guitarists during rehearsals as well as live gigs. The name Karang is inspired by the sound of strumming a guitar.

Made by Chordify

With a place in the top 4000 of most popular websites worldwide, Chordify helps millions of people to learn to play their favorite songs.* By releasing the Karang multi-string tuner app, Chordify steps up its game in demonstrating that anyone can be a musician. With Karang, learning to play becomes even more fast and fun.

In the future, Chordify will continue to combine top-notch machine learning with user-friendly designs to keep improving the 'happy jamming' experience.

*According to Alexa Traffic Rank, Chordify is in the top 4000 of most popular websites worldwide. An estimate of this site's popularity is calculated using a combination of average daily visitors to this site and pageviews on this site over the past 3 months.

ABOUT CHORDIFY

[Dutch version below]

Chordify is an online music service, made for and by music enthusiasts, that transforms music from YouTube, Deezer, SoundCloud, or your private collection into chords. The service automatically recognizes chords from the audio signal, and aligns them to the music in a simple and intuitive player for guitar, piano, and ukulele.

The Chordify web app has been up and running since January 2013. Since then, the company has grown steadily and organically, in total welcoming over 100 million unique visitors to the platform. To date, 8 million songs have been chordified by users and 1,400,000 people have registered to the service.

Over the course of its 5-year existence Chordify received a lot of international acclaim, winning the Dutch Pitch Session at the Northside Festival in New York in 2014 and the San Francisco MusicTech Summit Startup competition in 2015. They were also selected to pitch during The Next Web Conference in New York and were showcased during the SXSW Festival in Austin, TX.

//

Chordify is een online muziekservice, die muziek van YouTube, Deezer, SoundCloud of jouw privé collectie omzet in akkoorden. De service herkent de akkoorden uit de muziek automatisch en zet ze op muziek in een simpele en intuïtieve muziekspeler.

De Chordify WebApp is al sinds januari 2013 online. Sindsdien is het bedrijf gestaag en organisch gegroeid, en heeft het meer dan 100 miljoen unieke bezoekers mogen verwelkomen. Tot op de dag van vandaag zijn er al 8 miljoen liedjes gechordified door de gebruikers en hebben zich 1,400,000 mensen geregistreerd bij de service.

In de vijf jaar dat Chordify bestaat heeft het bedrijf veel internationale waardering gekregen, wat resulteerde in het winnen van de Dutch Pitch Session bij het Northside Festival in New York in 2014 en de San Francisco MusicTech Summit Startup competitie in 2015. Chordify was ook geselecteerd om te pitchen tijdens de Next Web Conference in New York en presenteerde zichzelf tijdens de SXSW Festival in Austin, TX.
