

HP onthult nieuwe HP Probook 400 serie

Kracht, stijl en waarde voor het mkb, met nieuwe HP Probook 400 G6 serie

Today HP is introducing a new lineup of HP ProBook 400 series PCs designed for growing businesses and mobile professionals.

SMBs have a passion for technology, so making technology that helps them save time, make money and make their business stronger, is paramount. They also seek value, not just the lowest price. When it comes to a great business notebook, they want one that includes everything required to successfully get the job done – from modern design, performance and long battery life, to commercial-grade security and connectivity.

Designed for the modern workforce, the HP ProBook 400 G6 series PCs help keep professionals productive in the office or on the go with the power, style and value they want to address their company needs.

The new ProBook 430 G6, ProBook 440 G6, and ProBook 450 G6 offer:

- Ultra-slim design with a precision-crafted look: Adopts design concept found across HP's commercial mainstream and premium PCs, featuring an ultra-slim chassis with crisp lines, clean edges, and a natural silver finish. Narrow bezel displays provide an optimal viewing experience. New 180° hinge allows users to lay the device flat making it easier to share content and collaborate.
- Secure and manageable business features: Enhanced with a range of security features including the HP BIOSphere Gen4 firmware ecosystem that automates the BIOS protection and enables easy manageability. Features a new durable stamped aluminum top cover and an enhanced keyboard deck crafted from a single piece of aluminum that adds durability. Built with connectivity options that can be tailored to user needs such as support for the latest global 4G LTE wireless broadband technology.
- High performance and productivity: Available with the latest optional 8th Gen quad-core Intel® Core™ processor, optional NVIDIA® GeForce® discrete graphics, and a long battery life, to get through deadline-driven, multi-tasking days. Users can now quickly recharge up to 50% battery life in just 30 minutes with HP Fast Charge.
