## HP Launches New HP EliteBook 700 G6 Series + New HP mt45 Mobile Thin Client

**Amstelveen, 21 juni 2019** - Today, HP unveiled its next generation HP EliteBook 700 G6 series business laptops, which bring many of the great premium features you've seen from HP to our mainstream on-the-go business users. From security to beautiful displays, the new line-up features 2nd Gen AMD Ryzen™ PRO processors with Radeon™ Vega graphics to add performance plus long battery life. The new **HP EliteBook 735 G6** and **HP EliteBook 745 G6** deliver premium power, security, and design for today's workforce.

The HP EliteBook 700 G6 series feature ultraslim designs and powerful viewing experiences with a narrow border and ultra-bright display to make working comfortable in almost any lighting condition from inside the office to outside at a café.

Continuing HP's leadership in delivering the most manageable and secure PCs, the new line-up protects against evolving malware threats with self-healing, hardware-enforced, and manageable security solutions including HP Sure Sense, HP Sure View Gen3, HP Privacy Camera, HP Sure Start for AMD, and HP Sure Click.

For modern workers who require advanced collaboration features, the line-up offers crisp and clear sound with HP Noise Cancellation and an integrated world-facing microphone with top-firing speakers to produce rich sounds. The collaboration keys on the keyboard deck help make PC calls productive and seamless.

The new HP EliteBook 735 G6, 13-inch laptop and the HP EliteBook 745 G6, 14-inch laptop are expected to be available in EMEA in June, starting at €799.

Additionally, HP is launching a new mt45 Mobile Thin Client designed for performance, reliability, and a rich, secure user experience for the mobile workforce.

The new HP mt45 Mobile Thin Client:

Is the world's most advanced mobile thin client for collaboration<sup>1</sup>with built-in collaboration features such as world-facing third mic, collaboration keys, and amazing audio. Provides a stylish design with a precision-crafted, all-aluminum body. Offers a breathtaking 14-inch diagonal Full HD narrow bezel and optional anti-glare touch display that's crisp and bright inside and outside. Features the HP Privacy Camera, multi-factor finger authentication, HP Sure Start Gen5 BIOS protection, and the secure, virus resistant HP ThinPro OS. Supports Linux<sup>©</sup> based HP ThinPro or Windows 10 IoT option to give users an intuitive, natural interface and familiar navigation. Boosts performance with the next generation AMD Ryzen™ 3 PRO 3300U mobile processor with Radeon™ Vega 6 graphics, ideal for multi-tasking, streaming content and more. Optimised for cloud and VDI environments.

The new HP mt45 mobile thin clients are expected to be available in EMEA in August. The HP mt45 Mobile Thin Client starting price is €946.
