

# Announcing the Prynt Case for iPhone 6/6s Plus, shipping on May 26

## Pre-orders for the first photo-printing phone case for iPhone 6 Plus and iPhone 6s Plus open April 26

**SAN FRANCISCO** — Prynt, maker of the photo-printing phone case, will release the first Prynt Case for the iPhone 6 Plus and iPhone 6s Plus on Thurs., May 26. Pre-orders open exclusively at [www.prynt.co](http://www.prynt.co) on Tues., April 26 and quantities are limited.

Prynt is perhaps best known as the "Harry Potter" photo-printer which attaches to your phone. When you take a photo, the Prynt app also records a short video. Print and hand the photo to a friend and they can unlock your hidden video from their phone, bringing the photo to life.

The first 100 who pre-order a Prynt Case for iPhone 6/6s Plus will also receive a free two-month subscription of Prynt Paper. Paper subscriptions just launched among several new features including the ability to add a GIF behind any Prynt instead of recording a video.

*"After receiving thousands of requests for Prynt for the 6 Plus over the last year, we're really happy to share the great work our team did, making Prynt compatible with even more phones."*

— David Zhang, Prynt Co-Founder and CTO

The Prynt Case is \$149 for any smartphone model available, which now includes iPhone 6s Plus, iPhone 6s, iPhone 6 Plus, iPhone 6, iPhone 5s, iPhone 5, and Samsung Galaxy S5. Every Prynt Case includes a free 10-pack of Prynt ZINK® Paper, which is also available on Amazon and via the Prynt app for iOS and Android.
