

R&G Global Consultants rapidly expands footprint

International boutique consultancy opens new office in Copenhagen

27 SEPTEMBER 2016, AMSTERDAM/COPENHAGEN

SUMMARY

This month R&G Global Consultants officially opened a new office in Copenhagen, Denmark. The boutique management consultancy specialized in supply chain management is expanding its international footprint rapidly.

Christian Mertz, managing partner for France, Switzerland, Italy and Scandinavia: “After opening new offices in Sao Paulo and Bangkok in 2015, we now respond to the needs of our Scandinavian clients. With a second office in the Nordics (the other being in Lund, Sweden), we have more in-depth knowledge of local markets and are able to operate more effective and more efficient.”

Faster, cheaper or better

Principal consultant in Copenhagen is **David Engle**. He works closely together with Padraic Dempsey, R&Gs managing partner for Scandinavia in Lund. David has a broad experience across multiple industries, including medical devices, chemical and engineering.

Padraic Dempsey: “David and I have been working in Operations ourselves for many years, We have personally experienced the challenges that every COO has. It always comes down to the principal process in any manufacturing company that has to become faster, cheaper or better. At R&G we work closely together with our clients to implement all necessary changes.”
