

# R&G Global Consultants appoints Erik Tielemans as Managing Partner Central Europe

"Erik brings extensive experience, energy and passion to our expanding team"

17 NOVEMBER 2016, AMSTERDAM

## SUMMARY

*R&G Global Consultants has appointed Erik Tielemans (52) as Managing Partner for Central Europe. The boutique management consultancy specialized in supply chain management is expanding its international footprint rapidly. In his new role Tielemans –together with Managing Partner Aart Willem de Wolf– will be responsible for managing and accelerating further growth in the next couple of years.*

**A**art Willem de Wolf on Tielemans's appointment: "Since his start at R&G, Erik brings extensive experience, energy and passion to our expanding team of business process specialists. He has played a major role in fueling our growth over the last years."

Tielemans states: "It is my personal mission to help companies achieve fundamental, yet pragmatic, change in operational excellence. My approach is rather hands-on but always data driven. I succeed when I am able to unlock new energy in people's thinking and acting. It energizes me when people actually see the opportunity and develop a shared view of the required changes."

## Trusted partner

Erik Tielemans joined R&G in 2009 and was appointed Partner in 2011. He managed multiple large scale, complex projects at a wide variety of industrial clients, many of them with breakthrough results. This made him a trusted partner for both the C-suite, as well as for supply chain leaders and shop floor operators. Before joining R&G Tielemans worked in several senior positions at Johnson & Johnson and GE.
