

FFWD Launches New Videos

Watch our new instructional videos

15 SEPTEMBER 2017, ZWOLLE, THE NETHERLANDS

SUMMARY

FFWD Wheels launches a serie of four videos showing what is supplied with the wheels, the options we offer, how to install the wheels and a service checklist.

These four videos we are launching now are part of a new series to show our broad range of options, what we do before shipping and how wheels are delivered to its rider. We also show the important steps when installing your wheels and provide a simple service checklist in order to maintain your wheels in perfect condition.

Each video has a link to the importance of the registration of FFWD wheels and extra benefits you can claim by doing so.

ABOUT FAST FORWARD WHEELS

Building fast, strong carbon wheels: that was our goal as we started our company FFWD Wheels in the year of 2006. Craftsmanship, high quality and durability are our most important values. In a few years of time FFWD Wheels has grown into a company with a global distribution network and a solid reputation.

All FFWD Wheels are handmade at our company in the Dutch town of Zwolle. Our wheel builders pay close attention to every wheel. This leads to wheels which are feather light and strong as iron: FFWD Wheels are no

mass product. FFWD Wheels are of high quality, hand built in the Netherlands.

FFWD Wheels does not only produce high-end wheels for the Road, we also build wheels for the Track, Cyclocross, Triathlon and MTB.
