TEAM ARKEA-SAMSIC CHOOSES FFWD WHEELS

FFWD WHEELS AND TEAM ARKEA-SAMSIC HAVE REACHED AN AGREEMENT FOR THE SPONSORING OF WHEELS FOR THE NEXT THREE YEARS!

The Dutch wheel brand and French pro-continental cycling team are happy to announce their partnership for the support of wheels for the period of 2019 to 2021.

Fast Forward Wheels is specialist in high-end carbon wheels with full focus on building the best possible wheels. All is done from their headquarters in Zwolle, The Netherlands.

Team Arkea-Samsic is formerly known as Fortuneo-Samsic and has a long history in the cycling peloton with Tour de France participations in the past five years.

"We are very happy Team Arkea-Samsic chooses to be part of TeamFFWD from 2019 onwards. We are confident that we can support the team with strong riders like Andre Greipel and Warren Barguil to go even faster than they already are!" says FFWD Marketing Manager Rik van Putten.

General manager of Team Arkea-Samsic, Emmanuel Hubert, adds: "Go faster starts with good trust in our materiels. Ride with light, fast and strong wheels is an obligation. That is why we are really happy with this new 3-years partnership. During our training camp in december, our riders have tested the wheels on Spanish roads. Our CX man already uses the wheels. Season 2019 starts rapidly, with confidence."

Building fast, strong carbon wheels: that was our goal as we started our company FFWD Wheels in the year of 2006. Craftsmanship, high quality and durability are our most important values. In a few years of time FFWD Wheels has grown into a company with a global distribution network and a solid reputation.

All FFWD Wheels are handmade at our company in the Dutch town of Zwolle. Our wheel builders pay close attention to every wheel. This leads to wheels which are feather light and strong as iron: FFWD Wheels are no mass product. FFWD Wheels are of high quality, hand built in the Netherlands.

FFWD Wheels does not only produce high-end wheels for the Road, we also build wheels for the Track, Cyclocross, Triathlon and MTB.
