The EcoTrail Paris® new date in 2021 !

The EcoTrail was born in 2008 in Paris by trail runners friends who had the idea of organizing a nature race on the places where they trained.

Originally, the idea was to create a trail in an urban environment that a priori did not lend itself to it. Starting from the principle that the practice was unknown in the city, it was a question of being able to highlight the principles of eco-responsibility in the DNA of the event and to seize the opportunity of the participation of neophytes to make them aware of good practices. A true nature race open to all, highlighting the natural and cultural environment of the region and placing the well-being of participants at the heart of the concerns.

For this 14th edition, the EcoTrail Paris® 2021 is scheduled for Saturday July 3, 2021.

The uncertainty that has surrounded the event industry for nearly a year has now forced the organizers of the EcoTrail Paris® to proceed cautiously. But after a year 2020 marked by repeated cancellations of sporting events, the EcoTrail Paris® is pleased to be able to announce that the 5 trail courses of the 14th edition are scheduled for Saturday July 3, 2021.

The organization is working hard to ensure that this 2021 edition is organized in strict compliance with health guidelines, while preserving the values that are specific to the DNA of the race: eco-responsibility, solidarity, accessibility and conviviality.

Registrations for the 80km, 45km, 30km, 18km and 10km trails will open in the coming weeks.

More information will be given in the coming weeks regarding hikes and Nordic walks.

For those registered for the 2020 edition who have requested a postponement of their registration, they will very soon receive an email to indicate their choice: a postponement on this 2021 edition or on the March 2022 edition.
