

MATTONE SEAT PACK

Ultra Compact Boa Powered Seat Pack:

Named after the Italian word for Brick, Mattone is a water resistant, ultra-compact seat bag which attaches to the rails using the BOA® Closure system. An unique zipper design allows it to be accessed while on the bike, or to open like a book when removed from the bike for easy access.

Safety Consciousness Design features a sleek black exterior with reflective graphics

Enhanced Visibility with a high contrast, red interior; plus, separate flap for an ID, credit card or money

Compact, yet spacious, the MATTONE can hold one inner tube, one CO₂ cartridge, one tire lever

BOA® Closure System with open guide release on secures the seat pack firmly to your seat post

Additional Security Hypalon Retaining Strap is wide and protecting of the contents

Water Resistant YKK Aquaguard® Zipper reduces failure during the wettest conditions. Also protects the zipper in dry, dusty conditions (gravel dust)
