EUROBIKE 2018

Join Twotone and their clients this year at Eurobike 2018

Amsterdam/Friedrichshafen - **Eurobike is just around the corner and I know I write it each time but this will be our best yet! We're traveling with four people from [the team](#) for the first time this year with 10 (!) clients kicking it into high gear. We made a sweet overview for you to check out below.**

We tried to make it as easy as possible for you to either talk to one of us or with one of our clients, or both. Simply click the link behind one of our names corresponding with the client(s) you'd like to meet and you can easily pick a time and location.

Do you want to check all our clients in one go? We got something new and special for you this year. A guided tour past all our clients. Ending the tour with beers of course! We'll do two tours: one on Sunday and one on Monday. Starting both days at 5PM from the SILCA booth (A3-202). Just show up and enjoy the ride.

Ampler (No stand)

Ampler is making waves across Europe at the moment with their stunning e-bike. Some say they found the holy grail of e-bike with Ampler as they are e-bikes that don't look like e-bikes and just ride amazingly.

Wahoo (No. B3-504)

Wahoo is present as always on the show. This year they have a special product demo and drinks on Sunday at booth B3-504 from 6PM. [Click here for more info.](#)
