

Celebrate this season with the Specialized's gift picks

Amsterdam, 5th of November 2019 - The countdown for this holiday season has begun, which means it's time for gifts! It can get tricky and stressful to get your loved ones the perfect gift, especially if they are into bikes as much as we are. So we did most of the work for you, we made the finest selection of Specialized's best presents for this holiday season. Don't want spend a lot this year or planning on spoiling that special someone? We made an overview of gifts between \$25 up to \$400.

Deflect H2O Jacket

Matching outfits always seem to win, from ugly sweaters to Deflect™ Reflect H2O Jackets, a comfortable versatile piece for adverse weather riding. Micro-fleece dots have been fused onto the water-proof breathable membrane, making it more comfortable. The geometric reflective pattern is composed of millions of microscopic glass beads that reflect light back to the source, making you visible from 360° on dark and stormy nights.

Women's Deflect™ Reflect H2O Jacket | \$250

Wind long sleeve jersey

The HyprViz Collection is the solution to 24-hour visibility, which is definitely needed during the dark winter months. Specialized combined Hyper Green (the most visible color on the light spectrum) with motion-activated reflectivity, colors, and patterns to drastically increase your visibility in all conditions. The fleece insulation throughout the jersey keeps you warm, while the wind-resistant, softshell chest panel cuts out wind chill. Other features that make this long sleeve your winter favorite include reflective details for increased visibility, three rear pockets, including a water-resistant one, and a road fit that prevents flapping.

Element Cycling Bibs Tights

Hitting the road and riding in the cold takes a special kind of dedication and mental fortitude. With this in mind, Specialized built the Element Cycling Bib Tights to be your perfect training partner this winter. The bibs are partly made of one of the most protective, warming materials in the business—Element Soft Shell. This material is extremely wind- and water-resistant. While remaining soft against the skin and quite breathable, it's also highly efficient at wicking moisture away from the skin. To further protect any cyclists against the cold, select panels of the tights are constructed from the insulating Thermanal™ fabric.

Helmets with ANGi

Specialized doesn't compromise when it comes to safety. They created a new all-in-one ride tracker, crash detector and safety beacon called ANGi. The sensor gives you and your loved ones piece of mind by detecting and reporting potentially dangerous helmet impacts, which notifies your chosen emergency contacts and sends them the most recent GPS coordinates. The sensor calls for help when you can't. The ANGi Crash Sensor can be bought separately and is also available on Ambush, S-Works Evade and S-Works Prevail II.

About Specialized

Specialized was founded in 1974 by Mike Sinyard, a cycling enthusiast. When quality tires weren't around, they strove to make the best. When people wanted to ride cruises in the dirt, they made the first productions of mountain bikes. When roadies wanted to go faster, they doubled-down on carbon and built their own wind tunnel. When they saw that kids were struggling to focus in school they started the Specialized Foundation to help them through cycling.
