SILCA introduces the AVVENTURA AMERICANA SEAT ROLL

And this limited edition seat roll drops right in time for the holidays

Tuesday, December 4th, 2019 — INDIANAPOLIS, IN. — SILCA has just introduced its all new AVVENTURA AMERICANA Seat Roll. It's a limited edition, American-made, gear-toting, under the saddle, seat roll. The unique, olive-green water-repellent exterior is made of durable, lightweight material to withstand the cross-country ride. Securing this rugged beauty to the seat rails is the BOA® Closure System to guarantee a rattle-free journey, plus features a heavy-duty center panel closure for added security. Four interior pockets are offset by a splash of gold oxford cloth; giving the perfect backdrop for visual contrast.

Riders often give SILCA feedback and this seat roll was methodically designed to provide a solution to those comments. They redesigned the Grande Americano with a light-weight material, a wider Velcro strap closure, made in America, and uses the BOA® Closure System. Oh, and a new color! This limited edition AVVENTURA AMERICANA Seat Roll is the perfect gear for all your off-road, harsh weather, all-season riding.

The AVVENTURA AMERICANA Seat Roll is exclusively [available through silca.cc](http://silca.cc)

About SILCA

SILCA was founded in 1917 by Felice Sacchi outside of Milan, Italy. SILCA was the first company to put gauges on pumps, the first to produce a true 'high-pressure' frame pump and the first to work with revolutionary lightweight material plastic after the end of WWII, and later the first to bring CO2 to roadside inflation. Today SILCA is located in Indianapolis, IN where it continues to build iconic products that use the best materials and craftsmanship available.
