VANMOOF

An aerial photograph of a dense city skyline, likely New York City, featuring numerous skyscrapers and buildings. The Empire State Building is prominent in the center. The city is situated along a body of water, with a bridge visible in the foreground. The sky is overcast with soft, diffused light.

APRIL 2022

UNDER EMBARGO

As cities get bigger and busier, we're driven to make them greener, cleaner and happier places to live.

RULE THE ROAD WITH THE VANMOOF S5

First pick for controlled cruising and longer rides.

We've remastered our straight frame to bring you the VanMoof S5. The high riding position gives you a masterful view of the road ahead and the larger wheels glide over the most uneven of surfaces. Every ride gets you to your destination feeling calm and collected.

For riders: 165-210 cm.

Scan the QR code for an
Augmented Reality experience
of the VanMoof S5.

PLAY THE STREETS WITH THE VANMOOF A5

First pick for pit stops and agile city rides.

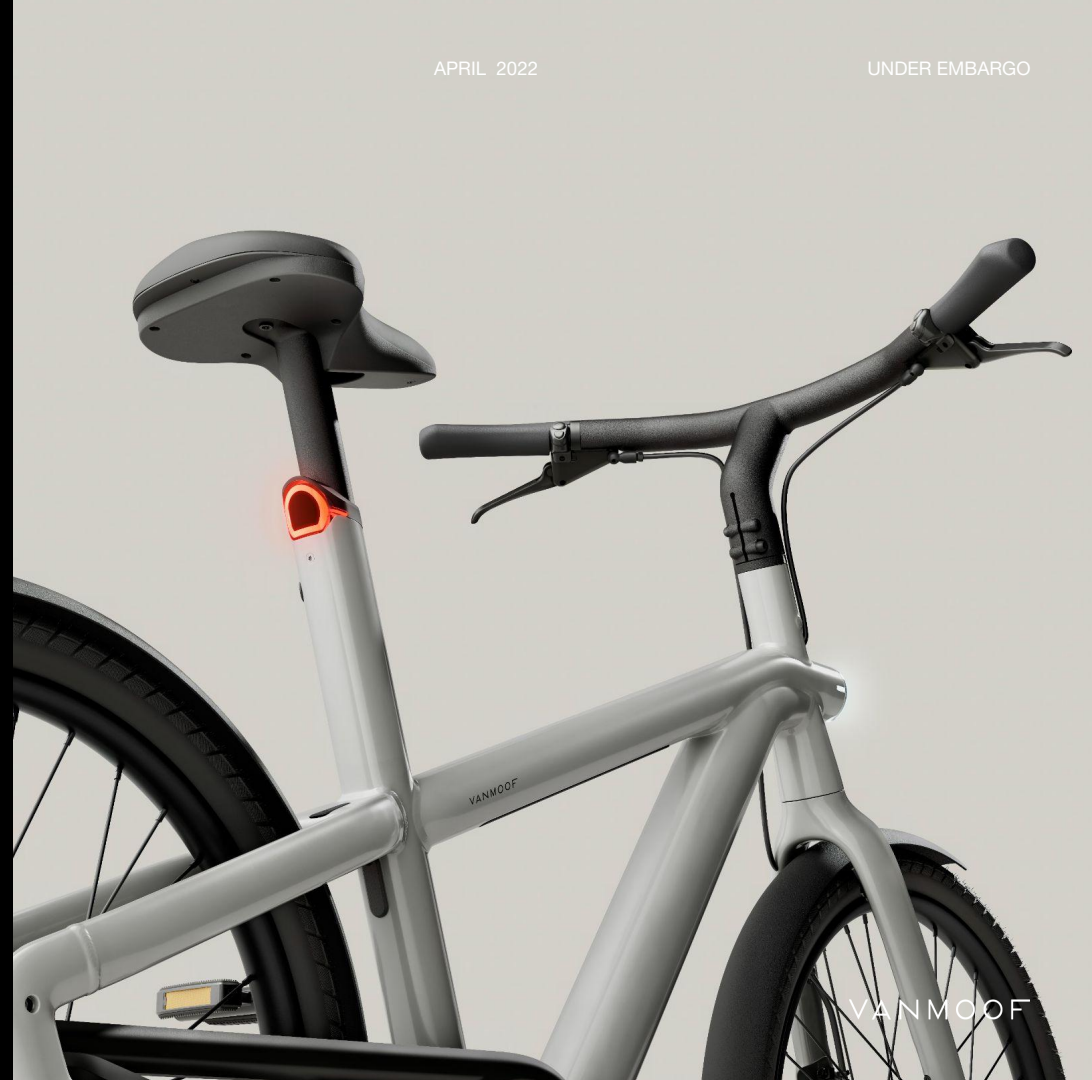

The A5's angled frame lets you jump on and off without a second thought as you zip around town. The lower step-in keeps you close to the road as you outmaneuver any traffic. And with the option of front and rear carriers, if you've got errands to run you can just throw in whatever, and go.

For riders: 155-200 cm.

Scan the QR code for an
Augmented Reality experience
of the VanMoof A5.

SWEAT-FREE

Laugh in the face of hills and headwinds. Our Gen 5 Motor helps you glide through the streets with ease.

Want an extra shot of adrenaline? Just hit the Boost button and prepare to accelerate at warp speed. It feels so good, you might wish you could ride until the sun goes down. And thanks to our long-range battery, you can.

Turbo Boost

A blast of instant acceleration at the touch of a button.

Gen 5 Motor

The E-shifter, torque sensor, and integrated battery work together as an intuitive power system to give you the smoothest, most silent riding experience.

Long range battery

Our long-range integrated battery lets you ride all day long... and still have plenty of juice left.

FUSS-FREE

It's that easy

This bike anticipates your every move. All the controls you need are on your handlebars. And all your bike's info lives in the VanMoof app on your phone (which you can mount and charge on the bike). When it comes to locking up, everything is keyless.

Halo Ring Interface

Responsive LED light ring display integrated in the handlebar.

Phone mount

With USB charging.

Kick Lock

Our in-wheel lock is armed with a tap of your toe, and unlocks automatically when you return.

CARE-FREE

We've got you covered

Every VanMoof comes fully loaded with our iconic anti-theft technology and ultra-low maintenance parts. Integrated wiring, locks, and lighting means you can focus on what's most important – enjoying your ride. If the unthinkable does happen, you can rely on our Bike Hunters to recover your ride and our Bike Doctors to help out at the tap of our app.

Integrated anti-theft tech

Our iron-clad protection puts bike thieves out of business.

Ultra-low maintenance

Integrated wiring, locks, and lighting. Ultra-low maintenance, high-quality parts.

Peace of Mind service

We hunt down or replace your bike if it's ever stolen.

BYE BYE

BIKE THIEVES

We're putting bike thieves out of business with our integrated location tracking tech and iron-clad anti-theft guarantee.

If your bike goes missing, just report it as stolen in the VanMoof app. Our global team of Bike Hunters will immediately get to work and recover your bike within two weeks. If they can't, we'll replace your bike with one of the same (or better) age and condition. But we have a feeling they will, their success has even been noticed by [The New York Times](#).

ABOUT VANMOOF

VanMoof was founded in 2009 by Taco and Ties Carlier, two Dutch brothers who dreamt up the perfect city bike. Today, our sleek, multi-award winning e-bikes offer a high-tech and feature-rich experience for a global community of almost 200,000 riders (and counting). And we're just getting started.

As the world's fastest growing and Europe's most well-funded e-bike brand, we're on course to get the next billion on bikes and redefine the future of urban mobility. By leaving old habits behind and choosing to ride electric, we can make our city streets safer, our air cleaner, and people happier.

It's safe to say that revolution's built into our DNA at VanMoof. But, what's next? Our cities are calling out for change. So, we built the next generation of VanMoof e-bikes with this change in mind. With revolution, built in.
