

Bell Completes Delivery of Bell 505 to Beach Mosquito Control District

Aircraft to support insect control for Panama City Beach residents

Dallas, TX (March 8, 2022) Bell Textron Inc., a Textron Inc. (NYSE: TXT) company, announced today at HAI Heli-Expo 2022 the delivery of a Bell 505 to Beach Mosquito Control District (BMCD). Located in Panama City Beach, FL, the organization will leverage aerial support from the Bell 505 to administer insect-repellant spray and maintain a high-quality environment for its residents.

“Since its entry into service, our customers continuously praise the platform for its unparalleled performance during utility operations,” said Lane Evans, managing director, North America. “The Bell 505 combines an affordable price point with low operating costs and advanced technology, and we’re thrilled BMCD has selected this aircraft to support its community.”

BMCD seeks to protect the public health, safety and welfare by using science-based, environmentally sensitive, integrated mosquito control techniques employing public education, surveillance, source reduction, biological control and the judicious use of pesticides to enhance the quality of life for District residents.

“BMCD is thrilled to use the Bell 505 to enhance our mosquito control efforts for Panama City Beach residents,” said James Clauson, president, BMCD. “We look forward to working with Bell as we integrate the Bell 505 into our operations and demonstrate the utility benefits of this aircraft.”

There are more than 320 Bell 505s operating in more than 55 countries across six continents, surpassing 100,000 total fleet flight hours. The aircraft is designed by a team of pilots and industry experts to offer significant value to public agencies, municipalities and business operations at an affordable cost.

ABOUT BELL

Thinking above and beyond is what we do. For more than 85 years, we’ve been reimagining the experience of flight – and where it can take us. We are pioneers. We were the first to break the sound barrier and to certify a commercial helicopter. We were a part of NASA’s first lunar mission and brought advanced tiltrotor systems to market. Today, we’re defining the future of advanced air mobility. Headquartered in Fort Worth, Texas – as a wholly-owned subsidiary of Textron Inc., – we have strategic locations around the globe. And with nearly one quarter of our workforce having served, helping our military achieve their missions is a passion of ours. Above all, our breakthrough innovations deliver exceptional experiences to our customers. Efficiently. Reliably. And always, with safety at the forefront.

About Textron Inc.

Textron Inc. is a multi-industry company that leverages its global network of aircraft, defense, industrial and finance businesses to provide customers with innovative solutions and services. Textron is known around the world for its powerful brands such as Bell, Cessna, Beechcraft, Hawker, Jacobsen, Kautex, Lycoming, E-Z-GO, Arctic Cat, Textron Systems, and TRU Simulation + Training.
