AMÉLIE DOWN JACKET FOR COLDER WEATHER AND LONG DAYS

Café du Cycliste [Unisex qualified jacket](#) is another addition to the [Arriere Pays](#) collection. It is perfect for cooler evenings after longer days or ideal as a mid or top layer over something more substantial when the weather turns cold.

The jacket comes in [emerald green](#) and [navy](#) and packs into the inside pocket for convenience when travelling and easier to bring along for any ride.

ABOUT CAFÉ DU CYCLISTE

Café du Cycliste was born in a traditional French café – a perfect mid-ride coffee stop – nestled in the hills above France's Mediterranean coast. It was founded from a love of cycling and a desire to produce high-quality, technically excellent cycling apparel with a twist of modern French style.
