

BTC Mining Factory Placed 9,000 Dragon Mining Rigs (B2G/ETH) Order To Major Cryptocurrency Mining Hardware Dragon Mining Tech.

Iceland, Date, April 14, 18: BTC Mining Factory, a world-class cloud mining company, today placed 9,000 Dragon Mini order to Dragon Mining Tech. Dragon Mini B2G/ETH, world's one of the most efficient and compact GPU-miner, will be used to mine B2G (Bitcoiin2Gen), ETH and Bitcoin Gold and further increase the capacity of the mining farm.

"This strategic development between Dragon Mining Tech and BTC Mining Factory will provide a highly optimized, lower cost alternative to Cryptocurrency individual miners," said Jet Lee, Director of Sales, Dragon Mining Tech.

BTC Mining Factory is a leader in the cloud mining industry marketplace with enhanced mining capacity to deliver unmatched services, returns, and value. The company offers worldwide mining opportunity through its wide range of mining programs to substantial and diversified clients based on their financial position.

About Dragon Mining Technology:

Dragon Mining Tech is a world-class cryptocurrency-mining hardware manufacturing company with expertise in engineering and manufacture of mining ecosystems to mine Bitcoiin2Gen. Established in 2015 and incorporated in 2018, the firm is headquartered in Shenzhen / China.

Dragon Mining is a market leader, provides complete Crypto-mining solutions for emerging cryptocurrencies. We engineer and manufacture crypto-mining hardware. Therefore we focus on developing and building GPU-based mining rigs for Ethereum and Alt Coins.
