Reach peak party performance with the now available JBL PartyBox 710

Amsterdam - 8th October 2021 - Huge JBL Pro sound and a rave-worthy custom lightshow. The new JBL PartyBox 710 will have you crowned the house party host of the year 2021.

The latest in the JBL PartyBox series, the new and improved model has an 800W RMS output that will have you feeling the vibrations of the heavy beat from the tips of your fist-pumping fingers, down to your foot-tapping toes.

Not simply a sound machine, the new JBL PartyBox packs a light show to match. The all-new figure of 8 RGB animation light show combines with LEDs and strobe lights that sync with the beat of the music. You will be immediately transported to your favourite night club, or bass heavy festival.

Instead of BYO beers to your friend's next party, bring the beat instead, literally. The splashproof JBL PartyBox 710 has a rugged set of wheels and pull up handle which makes it easy to transport from place to place. It also boasts guitar and mic inputs, as well as improved controls and sound effects so you can belt out your favourite tune or have a go at being a DJ or MC.

If your friends know what's good for them, they will also own a JBL PartyBox and, thanks to True Wireless Stereo, they can be linked together with your JBL PartyBox 710 at the click of a button to create an even bigger stereo sound.

The JBL PartyBox 710 is now available on [jbl.com](https://www.jbl.com) for €799.

ABOUT JBL

The JBL brand epitomizes the amazing sound that shapes life's most epic moments. From iconic events like Woodstock and concerts at Madison Square Garden, to games at Yankee Stadium and weekend road trips, JBL products elevate listeners' experiences with award-winning audio that lets them make the most of every moment. With 75 years of unmatched professional credentials and industry leading innovation, the JBL brand expertly blends a bold vision of the future with the passion and talent of engineers and designers around the

globe. JBL's Signature Professional Sound is the leading technology that powers major pop culture events, and the brand has partnered with the world's top talent across music, sports and esports.
