JBL builds on True Wireless success as JBL Live Pro 2 are now available

Stay connected while on the go with perfect voice quality and True Adaptive Noise Cancelling technology

Amsterdam – June 28, 2022 – True Adaptive Noise Cancelling with smart ambient features, improved battery life and 6 microphones for perfect call quality, meet the JBL Live Pro 2 earbuds. Whether it's music, a podcast or Zoom call, enjoy the highest performance with JBL Signature Sound, anywhere life takes you.

The JBL Live Pro 2 in-ear true wireless earbuds feature 11mm drivers in a 'stick' closed design with oval tubes to ensure better noise cancellation and enhanced audio quality. Its True Adaptive Noise Cancelling with smart ambient enables users to adjust the amount of background noise they want to let in to stay aware of surroundings or enjoy conversations without having to remove the earbuds. The hands-free support and dedicated JBL headphone app allow for easy access to preferred voice assistants. Its IPX5 waterproof and splash proof rating makes long runs in the elements worry-free, while the embedded six microphones isolate noise and wind to deliver superior call quality. With up to 40 hours of playback time, listeners can enjoy long stints at the gym, in the great outdoors, or settling in for their favourite podcast

Press Release
