

Give your JBL PartyBox an AI-powered karaoke upgrade with the new JBL EasySing Mics

Hit the button. Hit the note. Own the room.

Amsterdam, March 30, 2026 – Get ready to grab the mic. Introducing JBL EasySing Mics, the high-quality, AI-powered microphone that enables you to transform JBL's PartyBox speakers* into your personal karaoke machine. No complicated setup. Just plug in, pick any song, and the spotlight is yours.

EasySing Mics isn't just a microphone, it's your secret sound engineer. With JBL's new on-device AI Vocal Removal, you can reduce the original vocals from any track in real time with clean quality. Tap the button on the EasySing Mics to choose your backing level: keep about 50%, 25%, or 0% of the vocals. Whether you need some vocals to guide you with 25% reduction, or take the full spotlight with 100% removal, you're in control. You can also add in vocal effects presets and a Voice Boost mode to help you hit those high notes, and a song becomes your song.

JBL EasySing Mics brings studio-comparable clarity to every note, so you can sound as bold as the JBL PartyBox beside you. Just plug the included dongle into your PartyBox's USB-C port, and boom, you're live. Open up the JBL One App to unlock full EQ control with a range of singing presets or make manual adjustments, and to access vocal effects like reverb and echo.

Each set comes with two microphones, perfect for duets or battles. With a rock-solid 30-meter wireless range, and with up to 10 hours of battery life (on average), wherever karaoke happens to be, the performance will accompany your playlist.

"As global leader in PartyBox speakers, we've seen firsthand how massive the karaoke wave has become," said Carsten Olesen, President of Consumer Audio at HARMAN. *"People already use our JBL PartyBox speakers for their karaoke sessions, at home and out, but now, with our EasySing Mics, they can enhance any singing session with customisable vocal support and with exceptional JBL sound quality. It's the perfect match of what fans love and what JBL does best."*

JBL EasySing Mics** will be available from March 2026 at uk.jbl.com for £129.99 / €159,99 for a pair.

*Compatible with JBL PartyBox Club 120, JBL PartyBox Stage 320, JBL PartyBox 520, JBL PartyBox 720, JBL PartyBox Encore 2, JBL PartyBox Essential 2 and JBL PartyBox On-the-Go 2

**For non-commercial use only
