## ABOUT DUSK NETWORK

Dusk Network is an open source blockchain for financial applications. Data protection and privacy-preservation play a major role in Dusk Network, as well as its design for regulatory compliance. The blockchain is eco-friendly, thanks to its Proof-of-Stake consensus mechanism; a novel and efficient method of reaching agreement on the current state of the global ledger. Notably, the blockchain supports privacy-friendly smart contracts. Companies use the Dusk Network to power financial applications, issue tokens, trade and collaborate on a global scale. Dusk Network is built by a team of experts from Amsterdam, the Netherlands.
