

# **ROCKET ESPRESSO AND ZWIFT DROP THE ULTIMATE MORNING POWER-UP: THE MOZZAFIATO FAST**

A machine built for those who chase segments by day and the perfect extraction by dawn.

Rocket Espresso and Zwift have teamed up to launch a limited-edition collaboration that blends the precision of Italian engineering with the high-octane energy of the world's biggest digital cycling community.

At its heart, the Mozzafiato Fast delivers the renowned Rocket Espresso experience, refined, powerful, and consistent. With its beautiful stainless-steel exterior, this machine is unmistakably a Rocket Espresso, designed to look stunning in any home. This special edition brings subtle Zwift DNA into every detail. Discreet 'Big Zee' logos are seamlessly integrated into the machine's design, while striking orange gauge needles add a signature burst of energy and an unmistakable nod to speed and momentum.

The **Mozzafiato FAST** (meaning "Breathtaking") is designed to keep pace with your busiest training blocks. Featuring a new rapid-heating system, this machine is ready to pull a pro-grade shot almost as fast as you can click "Join Ride." Whether you're prepping for a social ride in Watopia or in need of a pre-work pickup, the Mozzafiato FAST ensures you're never waiting on your caffeine.

Available from today, the Rocket Espresso x Zwift Mozzafiato FAST is strictly limited to 200 units - once they're gone, they're gone.
