Now on Tour: New Titleist T200 and T300 Irons

Following last week's debut of the [new T100, 620 CB and 620 MB irons at the U.S. Open](#), and the [new U-500 and U-510 utility irons and TS hybrids at the Memorial Tournament](#) two weeks prior – Titleist's tour seeding and validation process continues this week at the PGA Tour's Travelers Championship.

Two new irons – the new Titleist T200 and T300 models – are making their tour debut Monday at TPC River Highlands.

For the next three days, Titleist Tour Representatives will continue working with players and fitting them into the new irons, utilities and hybrids – as this process continues across the worldwide professional tours.

Validating product performance across the global tours is a critical step in the development of all high performance Titleist golf equipment.

Based on initial tour player testing and feedback, the new lineup is poised to continue Titleist's run as the most played iron on the PGA Tour for each of the last five years and 14 of the last 15 seasons.

Stay tuned to Titleist.com and Titleist's social channels for continuing updates.
