Textron Aviation to bring largest lineup of industry-leading products to 2025 EAA AirVenture

Wichita, Kan. (June 30, 2025) – [Textron Aviation](#) today announced that it is bringing a comprehensive lineup of its industry-leading products to the 2025 Experimental Aircraft Association (EAA) AirVenture fly-in in Oshkosh, Wisconsin from Monday, July 21 to Sunday, July 27. The static display at Whitman Regional Airport will be the largest the company has ever included at EAA, and the largest static display of any original equipment manufacturer (OEM) at this year's show.

One of the aircraft on display, a Cessna Grand Caravan EX, will feature a special paint scheme celebrating its 40th year of flight. The full list of aircraft expected to be featured at the company's static display (Booth #78) includes:

- [Cessna Skyhawk](#), the world's popular aircraft, which is celebrating 70 years of flight this year
- [Cessna Turbo Stationair](#) HD
- [Cessna Turbo Skylane](#)
- [Cessna Skylane](#)
- [Cessna Grand Caravan EX](#), celebrating 40 years of adventures
- [Beechcraft Denali](#)
- Legendary [Beechcraft King Air 360](#)
- [Cessna SkyCourier](#) (freighter variant) for the first time at the static display
- [Cessna Citation M2 Gen2](#)
- [Cessna Citation CJ3 Gen3](#) mockup
- [Cessna Citation CJ4 Gen3](#) cockpit mockup

In addition, [McCauley Propeller Systems](#), [Textron eAviation](#), [Bell](#) and [Lycoming](#) are showcasing products in the booth, including:

- [McCauley King Air B300 series C780 propeller](#)
- [McCauley Denali five-blade series C1106 composite propeller](#)
- [Pipistrel Panthera](#)
- [Pipistrel Alpha Trainer](#)
- [Pipistrel Velis](#)
- [Pipistrel Sinus Max](#)
- [Bell 429](#)
- Lycoming engine display
