

## Media Advisory

### Textron Aviation to showcase industry-leading products at Singapore Airshow

WICHITA, Kan. – (Jan. 22, 2026) – Textron Aviation will showcase three of its industry-leading products at the upcoming Singapore Airshow, February 3 through 6 at Changi Exhibition Centre in Singapore. The best-selling midsize business jet the Cessna Citation Latitude will be on display throughout the show, along with two other legendary Cessna and Beechcraft products. The full list of aircraft expected to be featured at the company's static display near Textron Aviation's Chalet CD09-13 includes:

- [Cessna Citation Latitude](#)
- [Cessna Citation CJ4 Gen2](#)
- [Beechcraft King Air 360](#)

Representatives from Textron Aviation's Customer Support and Parts and Distribution teams will also be present to highlight how the company supports owners and operators across the Asia Pacific region and around the world.

With more than 65% of total turboprops and 37% of total jets in the Asia Pacific region, Cessna, Beechcraft and Hawker products are well represented. Overall, the region is home to more than 300 Cessna, Beechcraft and Hawker jets and over 900 Cessna and Beechcraft turboprops. During the past decade, the King Air series has earned its reputation as the most delivered turbine aircraft in the region, second only to the legendary Cessna Caravan family.
