NEWS BRIEF | Textron Aviation announces fleet order from SD Aviation for three Cessna Citation light jets and options for three additional Citation light jets, supporting travel options across Europe and North Africa

FRIEDRICHSHAFEN, Germany (April 23, 2026) – Textron Aviation recently entered into an agreement with SD Aviation for two Cessna Citation M2 Gen3 business jets and a Cessna Citation CJ3 Gen2 business jet with options for three additional light jets. These aircraft will support SD Aviation’s new program SD Share, a shared ownership program offering private flights based in Paris and Cannes. SD Share is a partnership between SD Aviation and Groupe Dubreuil and initial deliveries are expected to begin in 2027.

Why it matters

- Meets the customer’s needs: The Cessna Citation M2 Gen3 and Citation CJ3 Gen2 are ideally suited for SD Aviation traveling across Europe’s diverse regions, offering access to shorter runways and secondary airports while maintaining the speed, range and reliability expected of Citation business jets
- Connects travelers to major cities: The Cessna Citation light jets can connect SD Aviation customers to city pairs such as Paris to Lisbon, Athens to Paris or Copenhagen to Paris
- Expands customer’s Cessna Citation fleet: SD Aviation is launching a new program, SD Share, following the successful introduction of two Cessna Citation business jets into their fleet in 2024
- Delivers productivity and performance: The aircraft offers pilots modern avionics and customers appreciate enhanced cabin comfort and intuitive technologies designed to improve productivity and the overall passenger experience
