How Textron Aviation Engineers Developed the Cessna SkyCourier

This National Engineering Week, we celebrate the Textron Aviation engineers who dedicate their time and talent each day to designing and developing the best aviation experience for our customers.

Watch how our engineers created a clean-sheet design, from development to first flight. Since its inaugural flight, the Cessna SkyCourier has added two additional test aircraft to the program.

Cessna SkyCourier

Without such a skilled workforce, legendary milestones like these would not be possible.
