

MISSION BRIEF: BOB GIBBS ON THE CESSNA SKYCOURIER'S MULTI-MISSION CAPABILITY

Recorded at the Farnborough International Airshow, Bob Gibbs, vice president, Defense and Special Missions Sales, discusses how the Cessna SkyCourier is helping operators meet evolving mission requirements with a flexible, cost-effective platform.

From transporting Black Hawk rotor blades to supporting medevac and special operations missions, the SkyCourier continues to expand its capabilities for defense and government operators.

"What customers are looking for more and more are cost effective, reliable, low risk and multi-mission solutions."

Bob Gibbs, vice president, Defense & Special Missions Sales
