

Meet the family

LYNK & CO

This is gear from unique brands, local creatives and artists that inspire us. Lynk & Co is about more than just mobility. That is why, rather than pushing some boring branded merchandise, we've chosen to curate a selection of interesting products by partners that share our values. Each partner was handpicked because they spark conversations about things that are important to us: creativity, sustainability, and uplifting communities.

Our Düsseldorf Club will have an ever-changing assortment of gear, starting off with a portfolio ranging from vegan sneakers to swimwear made from regenerated ocean plastics. For us, it's been essential to team up with partners that are as devoted to making change as we are.

Egal

Every skater knows how important a good board is. That's why Germany's Egal makes boards that look good, feel good, and are made with the best materials and high precision. Egal founded the ESB Woodshop where they manufacture individualized decks with teams and crews, as well as their own label for graphics.

GOT BAG

It was on a long road trip through the Alps that the water-sport enthusiasts Benny and Roman started talking about the devastating impressions of plastic-crowded beaches in Thailand. With the desire to turn plastic waste into something useful, they came up with the idea of manufacturing the world's first backpacks made of ocean plastic. And thus, GOT BAG was born.

UTI EXI

The Berlin-based, circular and women-owned fashion label UTI EXI creates modern and contemporary streetwear by reworking and deconstructing existing material. Using a vast array of techniques, from patchwork to embroidery, their collections range from the simplest to the most extravagant. For all sizes and genders.

hejhej-mats

Made in Germany, hey-hey-mats offer 100% circular yoga mats. Anna and Sophie's vision is to reduce the amount of plastic waste on our planet through unsustainable yoga equipment and to promote conscious consumption. They are passionate about raw materials that flow in endless cycles and preserving the planet for future generations.

Copenhagen Cartel

By offering a range of high-quality, long-lasting products, that puts planet and people before profit Copenhagen Cartel challenges traditional ways of production and consumption. The brand makes long-lasting, high-quality activewear and swimwear using materials regenerated from ocean plastics.

YMR TRACK CLUB

YMR Track Club was founded by Olympian Peter Häggström Lindecrantz when he produced a collection for the sports club IK Ymer for their 100th anniversary. With its unique design and local production in Sweden's textile district Sjuhärad, YMR Track Club's premium performance wear is for everyone who prefers slow fashion and fast running.

QURC

The Amsterdam-based fashion label Qurc design high-quality, everyday sneakers using sustainable vegan materials only. Rather than leather, they use materials such as natural cork or grape residues that are ethically sourced and 100 percent cruelty-free. These stylish, environmental-friendly and handmade sneakers will make you look good on the outside and feel great on the inside.

Veloretti

Veloretti believes that a city bicycle should be simple, timeless, and without worthless features. That's why a Veloretti is a no-nonsense bicycle with a contemporary design and a good price. Handmade for comfort and simplicity, for you to get through your daily rush in style. The bicycles are designed in Amsterdam and carefully handcrafted in Europe.

New Mags

Nothing says more about us than the books we own. Books remind us of what we love and what's important, what we have been and what we can become. New Mags provides a carefully curated selection of the finest lifestyle books, magazines, and accessories. As one of the only dealers in Europe carrying some exclusive books, they pride themselves in being the first to know the latest and greatest.

Thank you.

Hi, we're Lynk & Co!!

Lynk & Co was created to provide mobility solutions for the connected generation. We do make really, really good cars (the kind that has all the features you want without you having to ask for them), but we also offer a new way of using those cars. Our membership-based approach makes it simple to get on the go. Members can access a car on a flexible, monthly basis and share it with friends, family, and the Lynk & Co community.
