Castore's SS21 Golf collection delivers summer performance on the course

Light and breathable kit designed to help improve your game

Manchester, June 24 2021. For immediate release: Castore has expanded its golf range for summer, with a collection built to ensure comfortable, distraction-free play through the hottest days on the course.

The SS21 Castore Golf collection utilises the most advanced, lightest, breathable performance fabrics to create apparel that will ensure you remain focused on the fairway.

Each piece possesses high stretch to deliver unhindered movement for uninterrupted play. Moisture-wicking fabrics keep you dry under the most intense summer conditions.

Tom Beahon, founder of Castore said: "Conditions can become quite unforgiving on the fairway during the summer months. There's often nowhere to hide from the heat of the sun so we focused on creating garments that allow maximum airflow and moisture management, to keep you cool and allow you to concentrate on your game."

The SS21 Castore Golf collection is available now.

The collection

Performance Stripe Golf Polo (stripe, cross, tri)

A lightweight polo shirt in three striking graphic designs, built from a perforated performance fabric to allow maximum airflow and moisture wicking for the warmest days on the fairway. We've cut the Performance Stripe Golf Polo to allow for full range of motion, ensuring unhindered movement to allow you to stay on top of your game.

Performance Golf Slim Fit Jacket

An essential outer layer for cooler days on the course or for when the weather turns mid-game. The Performance Golf Slim Fit Jacket is built from a lightweight, high-stretch performance fabric that is windproof, water repellent, breathable and lightweight. Cut for a slimmer fit while still allowing for total range of motion to ensure nothing gets in the way of the perfect swing. Concealed zip pockets keep valuables and your scorecard safe and dry.

Performance Golf Classic Polo

An all-round classic for everyday use on the course. Created from a lightweight, high-stretch fabric allowing total freedom of movement and quick-drying comfort to keep you fresh and dry through the longest of games.

Performance Golf Grandad Collar Polo

A collarless twist on the traditional polo shirt, created from a lightweight, high stretch fabric which optimises range of movement on the golf course for a supremely comfortable fit. Performance Golf Grandad Collar Polo features quick-drying fabric technology for freshness, and is cut for a smart silhouette with a bold, colour-block design.

Performance Golf Slim Fit 1/4 Zip

An extra layer is always welcome when the weather turns out on the course. Our Performance Golf Slim Fit 1/4 Zip is light enough to tuck away in your golf bag, while delivering warmth and protection when it's needed. Built from a high-stretch, moisture wicking performance fabric that provides wind proofing and weather protection, with a low collar for increased comfort.

Performance Golf Crew Neck Sweater

A lightweight sweater crafted from a performance fabric that provides an additional insulating layer against the elements when you need it. We've cut the Performance Golf Crew Neck Sweater to allow generous freedom of movement for your swing, while the high-stretch, quick-drying fabric delivers comfort throughout your game.
