Just Eat announces Dulux Decorator Centre as its first Paint & Decorating partner

Today, Just Eat has announced that Dulux Decorator Centre has joined the platform, offering customers rapid delivery from 25 of its stores across the UK.

All stores will offer delivery in as little as 30 minutes, with an initial range of 145 products including paint, woodcare, wallpaper and must-have decorating accessories. The extensive range means the partnership will serve both everyday home decorators and tradespeople needing rapid delivery to jobs.

Dulux Decorator Centre is the first DIY partner available to Just Eat customers, as the platform continues to broaden its range to meet the everyday needs of its 19 million customers. The paint & decorating specialist joins as new research commissioned by Just Eat shows that nearly a quarter of consumers expect to order more DIY products for rapid delivery over the coming years.

Petrina Cartner, Commercial Director from Dulux Decorator Centre said, “At Dulux Decorator Centre, we know more and more customers are choosing to shop online and are looking for speed, convenience and reliability. Making our paint and decorating essentials available wherever customers choose to shop is a key part of our commitment to helping people get their projects done with less hassle. We’re proud to partner with Just Eat to make our products available in as little as 30 minutes- so customers can save time and keep moving with their project.”

Caroline Bates, Grocery & Retail Director for Just Eat, said, "We’re delighted to welcome Dulux Decorator Centre as our first DIY partner, marking an exciting step in expanding our retail offering. With 24%* of consumers expecting to order more DIY products through rapid delivery in the future, we see a real opportunity to make essential

decorating supplies more accessible to homeowners and professional tradespeople alike."

Plans are underway to rollout more stores on the Just Eat platform in 2027.
