NEW Stolen Goat Adventure Down Jackets and Waterproof Jackets

Stolen Goat are very excited to be launching an all-new range of jackets that look just as great off the bike as they do on it. Frosty morning dog walks, cold crisp trail rides, wet and windy morning cycle commutes. We've got you covered. The comfort, style and high performance of our cycling kit crosses over into your everyday wardrobe – because riding is more than just a sport, it's a lifestyle. The new for AW21 down and waterproof jackets will help you to find your freedom, whatever the adventure.

Adventure Down Jackets //

Available for men and women in olive, black and orange our new down jackets are here to keep you warm and cosy throughout the winter months. They're cut to ensure comfort (and minimal flapping) in the riding position when you're on the bike, while remaining casual enough to wear all day long. Made from responsibly sourced duck down, they're showerproof with fleece-lined hand pockets and reflective trims. Plus, they feature zip-off sleeves so they can easily be converted into a gilet if the weather warms up.

Waterproof jackets //

Say goodbye to wet, miserable rides and get ready for the ultimate all-weather freedom. Stolen Goat's new waterproof jackets offer next-level rain protection while maintaining amazing breathability. A two-way YKK Aquaguard front zipper and taped seams truly keep the rain at bay, while the soft, fleece-lined high collar adds extra warmth and protection where it's needed. Made from a premium material with built-in stretch for a comfortable fit, these jackets are awesome for rainy days in the saddle – or just rainy days in general. Available for men and for women in navy and pink.

New Beanies and Bobble Hats

Nothing spoils a day in the great outdoors like a chilly noggin and frost-bitten ears. Our new beanies and bobble hats will keep you warm and cosy, so the adventures can continue whatever the weather. Made from 50% recycled fabric with a vegan apple leather Stolen Goat badge. Opt for a Manta or a Bonzo bobble hat for made-to-be-seen style. Or keep it subtle with our parred down beanies. Available in orange, olive and grey these will look awesome with the new Adventure Down Jackets

Notes for editors

The Stolen Goat AW21 collection sees the introduction of NEW down jackets and waterproof jackets – designed to be worn either on or off the bike – alongside the recently launched new designs across the Orkaan and Bodyline ranges, and upcoming Climb & Conquer line.

Giving cyclists and outdoor enthusiasts the freedom to adventure more throughout the winter months, the new jackets are available to purchase at stolengoat.com.

Stolen Goat was founded by Tim Bland in 2012 with a mission in mind: To inspire people to find freedom through sport so that they can live happier, healthier lives. With award-winning cycle clothing and accessories, Stolen Goat helps to inspire and empower people to find their own form of freedom and adventure more. Whether that's hitting the climbs or hitting the café rides. Since its beginnings, Stolen Goat has grown a community of likeminded everyday cycling heroes – The Herd. United by our love of cycling, our passion for freedom and appreciation for awesome kit that dares to be a little bit different.
