GTA is Empowering Women #EmpoweredbyGTA

Tamuning, Guam, September 22, 2021- Driven by our mission to empower our island community, '**Empowered by GTA**' centers around using our resources, technology, and close partnerships to transform our island and people.

In celebration of Business Women's Day on September 22, we launched 'Empowering Women,' a movement to recognize all the great leaps and bounds women have made and continue to make in successful businesses in Guam. See the centerspread ad featured on the Guam Business Magazine (September/October).

"Strength has no gender.
By empowering women, we innovate change."

GTA Empowering Women

Celebrating Business Women's Day • September 22, 2021

Driven by the mission to empower our island community, GTA celebrates our powerful, phenomenal women who continue to champion moments of progress by making moves in successful businesses in Guam.

Stacy Elarmo
Head of People Operations, GTA
"In my eyes, all women are strong in every sense of the way. Just being a mom- having kids- that takes some strength. To be an empowered woman is to educate, support, and give others the courage to rise up and help each other through the challenges of life."

Bernie Valencia
Vice President and General Manager, Matson Navigation
"I have a new mantra: Be good, be giving, be grateful. Being good means being exceptional in everything you do by being ambitious and fearless- show no signs of weakness. Being giving is having a meaningful impact in other people's lives while being gracious and genuine about it. Being grateful is not to forget where you came from."

Jeselyn "Gigi" Tan Yu
President and Managing Director, Goodwind Development Corp
"A strong and empowered woman can make a difference in other people's lives. She is one whose dreams don't just satisfy herself but the people around her. One who possesses a positive attitude that reverberates to the people around her, believing that nothing is impossible."

Conchita D. Bathan
CEO, Core Tech International, Vice-chairperson, Core Tech Group of Companies
"A strong and empowered woman is a woman who is not thinking about herself but thinking about other people and how she can help others. Someone who is honest, truthful, decisive, and at the same time-kind."

Lesley Leon Guerrero
Chief Experience Officer, Bank of Guam
"It is important for women to hold leadership positions in organizations to remind people of the equality we have today. It's important because women bring a lot of creativity. They bring the heart- they bring the fine attention to details people often miss."
