Discover the Works of Banksy in an Exhibition Making its US-Debut in Seattle this Summer

The incredible street art exhibition, *The Art of Banksy: "Without Limits,"* is opening its doors in Seattle after its raging success in Europe and Australia

Seattle, June 6 - From **July** onwards, visitors can explore the world's most elusive artist's work in an unauthorized exhibition featuring over 150 pieces from the renowned street artist, from original photos to sculptures to murals. The Art of Banksy: "Without Limits" will be hosted at Seattle Federal Reserve Building for a limited time only. Tickets for the exhibition are now on sale.

Banksy, who is often considered either a master or prankster, laces his or her artworks with strong political, provocative statements through poetry, fresh energy and humor. The artworks that started as graffiti on the streets can now be found in the highest auction houses and museums in the world. The Art of Banksy: "Without Limits" tells the story of the mysterious artist through installations of his or her original art, prints on different kinds of materials, photos, sculptures, and much more.

Despite the secret identity of Banksy, the experience includes a showing of Banksy's life and work through a video documentary. It also presents his or her works reproduced with stencil technique especially made for this exhibition. After visiting the unique, must-see showing of Banksy's art, visitors may be able to make up their own mind as to whether the artist is making art, or committing vandalism.

Fever, the leading global live-entertainment discovery platform, in collaboration with **SEE Entertainment**, one of the finest organizers in themed exhibitions, are bringing the traveling exhibition to the US for the first time, following the incredible success of the experience in Australia and Europe, where over 1.2 million people have admired this street artist's works. The experience lasts between 60 to 90 minutes, with ticket prices starting at \$37.50 per adult and \$26.10 per child.
