Fever's international Candlelight concert series arrive in Swansea

Following the success achieved in more than 100 cities worldwide, this live, multi-sensory musical experience will take place in outstanding locations in Swansea from the 23rd March 2024

Swansea, Tuesday 20th February 2024 - Fever, the leading global live-entertainment discovery platform, brings the Candlelight Concerts to Swansea with a series of special performances, kicking off with concerts dedicated to Hans Zimmer, Vivaldi, Coldplay and more. This expansion to the region comes on the heels of the experience's success, having delighted audiences in more than 100 cities worldwide.

The first concerts will see The National Waterfront Museum illuminated by thousands of candles, allowing viewers to fully immerse themselves in an adapted program from Saturday 23rd March, inviting a broader audience that might have never considered a classical music concert before to connect with the most iconic pieces of the greatest composers and listen to the top hits of well-known artists in a different way.

Candlelight Concerts are a series of original music concerts created by Fever aimed at democratizing the access to classical music. This innovative format represents a unique live musical experience through a varied offer of programs to meet all tastes, played by local musicians, in emblematic venues, with the space and performers illuminated by thousands of candles.

Candlelight was initially conceived as a classical music series with concerts featuring works from the greatest composers, such as Vivaldi, Mozart, and Chopin. Now, the ever-growing list of programs includes a wide variety of themes and genres, including tributes to contemporary artists like Queen, ABBA, Coldplay, and Ed Sheeran, as well as shows dedicated to anime, movie soundtracks and many more. The multi-sensory experience has also evolved to feature different elements, such as ballet dancers or aerial performers, as well as other genres, such as jazz, soul, opera, flamenco and more.
