

Mini Genius Lab brings hands-on science fun to London this summer

Mini Genius Lab, the interactive science experience for families produced by **Fever**, has arrived in London, bringing hands-on experiments, giant bubbles, slime-making, and spectacular dry ice demonstrations to curious young minds.

Designed for children aged 6 and up, the 60-minute experience invites kids and parents to step into a real-life laboratory adventure led by a lively “mad scientist.” Participants can create and customize their own slime to take home, experiment with soap bubbles of all shapes and sizes, and discover the magic of dry ice through swirling fog, fizzing reactions, and eye-opening science demonstrations.

Combining learning with play, Mini Genius Lab offers quality family time, plenty of laughs, and unforgettable moments, while parents enjoy one added bonus: all the mess stays in the lab.

Event Information:

- **Tickets:** From £19.00 through Fever's app or website at <https://feverup.com/m/674657>.
- **Location:** Gamepath Monopoly Basement, 213-215 Tottenham Court Rd, London, W1T 7PS.
- **Date and times:** Starting from 30 July. Select date and time on Fever's app or website.
- **Duration:** 60 minutes.
- **Age recommendation:** Designed for kids aged 6 and up. Younger children are welcome — they'll just need a little extra guidance from a parent or guardian. Babies (0–2) get in free.
- **Accessibility:** Wheelchair accessible.
- **Assets:** High res images available [here](#).

About Fever

Fever is the world's leading tech platform for discovering culture and live entertainment, inspiring over 300 million people last year to discover the best experiences in over 40 countries. With a mission to democratise access to culture and entertainment in real life, Fever inspires users to enjoy unique experiences and events —from immersive exhibitions and sports to interactive theatrical performances, concerts, and festivals— while empowering its partners with data and technology to develop and expand new experiences worldwide.
