Played by local string quartet, String Infusion the show invites guests to share an intimate and unforgettable moment and express the love through music.

Candlelight Concerts are a series of original music concerts created by Fever aimed at democratizing the access to classical music. This innovative format represents a unique live musical experience through a varied offer of programs to meet all tastes, played by local musicians, in emblematic venues, with the space and performers illuminated by thousands of candles.

Candlelight was initially conceived as a classical music series with concerts featuring works from the greatest composers, such as Vivaldi, Mozart, and Chopin. Now, the ever-growing list of programs includes a wide variety of themes and genres, including tributes to contemporary artists like Queen, ABBA, Coldplay, and Ed Sheeran, as well as shows dedicated to anime, movie soundtracks and many more. This multi-sensory experience has also evolved to feature different elements, such as ballet dancers or aerial performers, as well as other genres, such as jazz, soul, opera, flamenco and more.
