Recent Announcements

- Qatar Airways, the operator of the world's first and largest Starlink-equipped widebody fleet, has become the first airline to operate Starlink-equipped Boeing 787-9 aircraft, globally. The carrier has also completed Starlink rollout across its Boeing 787-8 sub-fleet in seven months, bringing the total number of its Starlink-equipped widebody aircraft to 150. Qatar Airways remains on track to complete the Starlink rollout across its Boeing 787 fleet by the end of 2026.
- Qatar Airways Holidays is set to elevate the Qatar stopover experience with the launch of exclusive FORMULA 1® QATAR AIRWAYS QATAR GRAND PRIX 2026 packages. For the first time, three-day Formula 1® race tickets have been integrated into Qatar Stopover packages along with flights and hotel accommodation, allowing passengers transiting through Hamad International Airport to transform their journey into an unforgettable Grand Prix getaway from 27-29 November 2026.
- Qatar Airways has launched its latest partnership with Uber for Business to enhance the corporate travel experience by delivering greater flexibility and convenience for businesses and corporate travellers worldwide. Through this partnership, members of Qatar Airways' corporate travel programme, Beyond Business, can redeem Qrewards for Uber ride vouchers, which are credited directly to the user's Uber wallet and utilised for global business travel.
