**London, 12th January 2022:** [Wise](#), the global technology company building the best way to move money around the world, has been awarded the [Glassdoor](#) Employees' Choice Award, recognising the UK's [Best Places to Work in 2022](#).

The Employees' Choice Award, now in its 14th year, is based solely on the input of employees, who provide anonymous feedback about their job, work environment and employer on [Glassdoor](#), the worldwide leader on insights about jobs and companies.

Wise ranks 20 out of 50 on Glassdoor's Best Places to Work U.K. list with an overall company rating of 4.4. Key elements where reviews are measured include:

1. Satisfaction with the company overall
2. Career opportunities, compensation and benefits
3. Culture and values
4. Senior management
5. Diversity and inclusion
6. Work/life balance.

In addition, employees are asked to describe the best reasons to work at their companies as well as any downsides.

**Hayley Bucur, Senior People Team Leader at Wise commented:** *At Wise, we strive to do the right thing by everyone involved in achieving our mission. It's not an easy job to save our 11 million customers £1bn a year, and it's the actions of each and every person here that make it possible.*

*Our people have had plenty to do over the last year, including a rebrand, a listing, and the pandemic to deal with, so to know our Wisers enjoy working here is such a huge compliment to the business. It just goes to prove that we're able to do great things, and take good care of each other at the same time.*
