ADVENTURE UNLTD

E-TOURING: ADVENTURE MADE EFFORTLESS

Everyone loves an adventure: straying from the beaten track, soaking up nature, and making memories that last.

A ride down the river. Cruising spacious landscapes or pedalling through rolling hills. Closing the day elated, bright eyed and bushy tailed.

No matter how, no matter where: adventure is freedom in its truest form.

THE PATHLITE:ON – A COMPANION FOR EXCELLENT EXCURSIONS

It's a known fact: owning an e-bike opens up your world.

In March 2020, we made our debut in the world of e-touring bikes with the Pathlite:ON family.

They were bikes that widened everyday possibilities with their endless adaptability.

By bringing unprecedented functionality to Canyon's e-hybrid lineup, the Pathlite:ON gave liberation without limits. Loading the panniers with picnics, escaping the city on a weekend tour or transporting the kids in the cargo trailer: the Pathlite:ON family cleverly combined sport, function and adventure. They broadened the horizons of carefree rides both in and outside the city.

We all have our motivations to ride. The Pathlite:ON made them possible.

DISCOVER THE PATHLITE:ON SUV

A GREAT BIKE MADE GREATER

Enter the Canyon Pathlite:ON SUV, the latest and greatest evolution of the Pathlite:ON. With big-time power and outstanding all-terrain performance, this next-gen e-bike is the most reliable companion for any form of recreation you'll have.

YOUR FRAME, YOUR WAY

More riders can enjoy the endless possibilities of the Pathlite:ON SUV with two unique frame designs.

Attractive colours to choose from such as tundra green, copper or lake blue further add to the flair.

The step-over frame flaunts a classic sporty Canyon design.

The elegant step-through build is comfortable to mount and dismount, even when loaded with supplies.

MORE POWER, MORE RANGE, MORE VERSATILITY

The Pathlite:ON SUV blasts open the scope for adventure. The Bosch Gen 4 system enables an ultra-responsive drive unit for precise acceleration and unique experience on every terrain. A massive integrated 750Wh battery covers extra-long distances, and mountain bike tyres generate excellent grip and traction off-road. The abundance of storage options is convenient for every rider; choosing the step-over frame design throws extra versatility and comfort for the whole family in the mix.

Big-time power, for longer. Super simple handling. Extra integrated solutions. All bundled together with the Pathlite:ON's proven family-friendly features.

Ambitious adventures just got more accessible.

Your time is your freedom, and this bike is your enabler.

The Pathlite:ON SUV: the one bike you'll need.

DISCOVER YOUR EXTRAORDINARY

The Pathlite:ON SUV takes the brainpower out of logistics and planning with its unlimited versatility. The only thing left for you to do is ride.

The weekend-long tour, picnic in the meadows, gravel escape with friends or even just the everyday errands is where the Pathlite:ON SUV shines the brightest.

Can a bike fit every request? This was the question our engineers and designers set out the answer with the Pathlite:ON SUV.

The answer is a resounding yes – and it boils down to features. Whether it's touring, suburban sailing or exploring – when a bike is already equipped with everything you need, you have one mode of transport that suits every situation.

THE PLEASURE OF TOURING

Explore new tracks. Stop for an ice cream. Glide through fields.

Freedom is about jumping on the saddle whenever, carefree – and the Pathlite:ON SUV makes the pleasure of touring made even more pleasurable.

Its powerful battery and motor, terrain-absorbing mountain bike tyres and a clever Bosch Kiox display take you further than ever before.

PEDAL EFFORTLESSLY

A herculean motor to crush any ascent around, the Pathlite:ON SUV's Bosch Performance Line CX Smart System supplies substantial power with every pedal. We're talking 340% pedal assistance with 85 Nm of torque for a delicious punch and plenty of juice on tap for all-day riding. Enjoy extra perks with Tour+ mode, where your motor will intuitively switch between eco mode and tour mode depending on the ground and power, so that you can save energy where you need it.

RIDE WITHOUT LIMITS

An extra-large integrated 750 Wh battery capacity means you can explore for longer. No more losing charge halfway through the ride.

No charging complications. Just plug in the cable and charge the battery directly on the bike. If you want to take the battery out the bike, you can slide it out from the bottom of the downtube.

GLIDE ACROSS ANY TERRAIN

The bike's capable suspension smooths out bumps and impacts on rough surfaces. Like floating on a magic carpet, the Suntour Evo Air 100 mm fork provides total comfort all day.

GEAR UP

Choose between the low-maintenance modern belt drive or a sporty traditional chain and derailleur set-up, depending on the bike model:

Pathlite:ON 8 SUV

Minimal maintenance, minimal mess. The Pathlite:ON 8 SUV combines an Enviolo manual hub and a Gates CDX Carbon Drive belt. The system is clean, quiet and low maintenance with no chain to become slack and replace. Enjoy effortless shifting without jumping and no grease marks.

Pathlite:ON 7 SUV

Maximum accessibility, maximum control. The Pathlite:ON 7 SUV has 12-speed Shimano Deore XT parts – sporty, accurate, it's ideal for fans of traditional gear shifting systems. Long-term durability and an impressive gearing range mean you'll always smash that steep uphill climb.

CLAIM YOUR FREEDOM

Owning a bike that marries intuitive functionality with incredible power gives you care-free movement.

Jump on the saddle. Catch the pastel-coloured sunrise. Glide seamlessly to your destination and arrive with rosy cheeks.

STAY SAFE, ANYWHERE

The trusty Magura MT30 brakes are highly responsive and ergonomically optimised for riders of all hand sizes. Perfect for precise stopping performance on the chop and change of any riding environment.

PUDDLES? NO PROBLEM

Stay clean and arrive dry. The Pathlite:ON SUV comes equipped with durable aluminium fenders, which stop splashback and perfectly complement the bike's bold, fluent aesthetic.

ROLL CONFIDENT

Maxxis Crossmark II 57mm mountain bike tyres provide terrific traction on any terrain. The narrow tread pattern gives even greater grip on wet forest paths, rocks or stones, and any surprise that the city streets throw your way.

NEVER STOP EXPLORING

STAY SAFE, STAY SEEN

For riding at dusk or in rainy weather, a bright set of lights is an absolute must.

Both bikes come with Supernova lights already integrated into the frame design. The Pathlite:ON 8 SUV comes equipped with Supernova M99 Mini Pro 25 on the front and the Supernova E3 Tail Light on the rear. The Pathlite:ON 7 SUV has the Supernova Mini 2 Pro on the front and the E3 tail light on the rear.

Meaning? You'll see clearly, and clearly be seen. The smart extra high beam function illuminates even the darkest paths, so that you can steer to your destination with confidence.

CONTROL YOUR JOURNEY

The Bosch Kiox 300 display is specially designed for sporty riders. Linking the display with your smartphone via Bluetooth gives you easy navigation along your ride with just a touch of a button – no distraction from the road. Smash goals by tracking your fitness data, including cadence and calories burnt.

CLEVER CARGO

Just clip on your Croozer trailer and bring your family with you.

It takes a matter of seconds to add the compatible axle nut coupling and convert your bike into whatever transport solution you need. Super convenient, super durable and super sustainable.

SMART STORAGE

Supplies, adventure gear or a picnic – you decide. Just clip on your panniers or bags, drop in your things and go.

The rear rack is compatible with practical, self-locking Ortlieb QL 3.1 bike bags for instant pannier mounting and removal. You can load a whopping 25 kg on the rear rack storage. Not to be sniffed at.

FAQ

WHEN DOES THE EMBARGO EXPIRE ON THE PATHLITE:ON SUV, AND WHEN CAN JOURNALISTS PUBLISH PHOTOS AND STORIES FROM THIS PRESS LAUNCH?

The embargo on the Pathlite:ON SUV expires at **11am CEST** (that's 2am PST) on **April 12, 2022**. The bike will be available for purchase on canyon.com from that point on.

WEIGHT AND STORAGE

WHAT IS THE MAXIMUM AMOUNT OF WEIGHT I CAN PUT THE BIKE?

The maximum total weight (rider + bike + equipment) for the Pathlite:ON SUV is 140 kg, plus an additional 50 kg for the Croozer trailer.

WHAT IS THE MAXIMUM AMOUNT OF WEIGHT I CAN PUT ON THE REAR RACK?

The rear rack holds 25 kg.

WHERE CAN I BUY STORAGE BASKETS FOR THE BIKE?

The custom baskets can be purchased on our website.

CAN I MOUNT A TRAILER TO THE BIKE?

Yes, the bikes are compatible with Croozer trailers. By adding the Croozer axle nut XL hitch, you can add a trailer mount.

CAN I ADD A CHILD SEAT?

It is not possible to add a child seat to the Pathlite:ON SUV.

BATTERY AND RANGE

HOW MANY KM CAN I RIDE ON A FULL BATTERY CHARGE?

You can ride 125 km on a full charge of the integrated 750Wh battery. Speed, terrain and total weight (rider + bike + equipment) all influence the total range.

DO YOU HAVE TO TAKE THE BATTERY OUT OF THE BIKE TO CHARGE IT?

The battery can be charged directly on the bike or removed and charged separately. Removing the battery is easy – just slide it out from the bottom of the downtube.

HOW LONG DOES IT TAKE TO CHARGE A TOTALLY EMPTY BATTERY?

The 750Wh battery takes approximately 6.5 hours to fully recharge.

SIZING AND PRICING

HOW MANY MODELS ARE THERE?

The Pathlite:ON SUV will be available in two models and two frame options:

The Pathlite:ON 8 SUV and Pathlite:ON 8 SUV ST,

The Pathlite:ON 7 SUV and Pathlite:ON 7 SUV ST.

HOW MUCH DO THEY COST?

The Pathlite:ON 8 SUV costs 4,699 €, and the Pathlite:ON 7 SUV costs 4,199 €.

WHAT SIZES ARE ON OFFER?

Step-over Pathlite:ON SUV frames are available in size M–XL, and step-through frames are available in sizes S–L.
