

BUSINESS FAQ

Are you anti-consultants?

Definitely not! Consultancy firms are among our most-respected clients. But we do feel that consultants have great knowledge to offer but the way they pack that knowledge is horrible. In fact, the tools of the core advisory process are post-its, markers, flipcharts, and slide deck. Nothing real time. Nothing online. Nothing interactive. Time that's going to change.

ABOUT PRAIORITIZE

PRAIORITIZE is the world's first SaaS platform for Virtual Consultancy.

We use artificial intelligence to help organizations digitally transform in a smart, efficient and science-based way.
