NH Collection Frankfurt Spin Tower is a new landmark that changes the city skyline

The exclusive NH Collection Frankfurt Spin Tower is located in the centre of vibrant Frankfurt, redefining the city's skyline with its spectacular architecture. The building design by renowned German architect Hadi Teherani is characterised by the visual separation of the upper floors through a slight rotation of the floor plans, the so-called architectural spin.

Upon entering the hotel, guests are greeted by an eleven-metre high, light-flooded lobby that impresses with its minimalist design and floor-to-ceiling windows. Another highlight is the large staircase, which extends up to the second floor and invites guests to linger with intermediate landings and cosy seating.

The interior design of the hotel is characterised by wide surfaces, contrasts of colours and materials as well as industrial accents. The 414 rooms have an elegant style and feature wood and metal elements as well as a warm colour scheme in shades of cream.

NH Collection Frankfurt Spin Tower has 1,000 square metres of well-equipped high-tech conference facilities, making it ideal for conferences, business meetings and social events. The hotel's first-class facilities are complemented by a fully equipped fitness room and a sauna.

Location

Prime location in the business district

Situated in a prime location between the exhibition center and the main train station of the city, the hotel is located at the Güterplatz, the business junction of the city of Frankfurt. NH Collection Frankfurt Spin Tower extends over the first 20 floors of the newest skyscraper in town. It is equally close by public transport to city's downtown and to the river Main.

The hotel is next to the entrance of Frankfurter Festhalle with lots of events, concerts and shows taking place. All museums, the new old town, and the Skyline Plaza Lifestyle Centre with over 120 shops, Frankfurt's largest roof garden, numerous restaurants and Spa fitness/wellness facilities are also in the immediate vicinity of the hotel.

Design

Industrial design with a focus on sustainability

Easily recognizable from afar by the architectural spin on the top floors, the optical separation of the upper floors by slightly rotating the floor plans, gives the hotel its unmistakable character and name. The building was designed by the internationally active German architect Hadi Teherani, while the leader of contemporary architecture Rafael de la-Hoz studio has taken care of all details of the interior design to welcome guests from all over the world.

The striking 128 m high skyscraper houses the newest NH Collection in Frankfurt all the way up to the 20th floor at a height of 80 m, becoming a city landmark. A double façade with integrated sun protection is also a remarkable feature. The cavity between the two panes acts as thermal insulation, reducing energy costs and increasing the sustainability of the building. In the hotel lobby, 10-metre-high windows flood the entire interior with light while a big staircase reaches up to the 2nd floor offering seating possibilities to work individually or collectively in a relaxed environment.

All needs are covered in the multi-functional corners (lounge, fireplace, open bar areas, etc.) that create different atmospheres and make the hotel the perfect meeting point any time of the day or night.

Restaurant & bar

A place for gourmands

NH Collection Frankfurt Spin Tower has first-class F&B outlets. The hotel's main restaurant is "The Spin", where breakfast, lunch and dinner are served directly from the open show kitchen.

The "Lobby Lounge" serves as both a café and take-away bar. Here, guests can enjoy coffee specialities, fresh juices, wines and drinks as well as homemade wraps and bowls.

An absolute highlight is the "Oaks at Frankfurt Spin Tower" gastrobar, which offers spirits matured in oak barrels, sophisticated cocktails, craft beers and a variety of smoked ham and cheese bites. The bar is located on the third floor of the building and offers spectacular views of the Frankfurt skyline.

Wellness

Relaxing with a view

The hotel offers a relaxing and reinvigorating sauna including terrace with inspiring city views. The hotel's 24-hour gym is the perfect place to get the adrenaline pumping or burn off the stress that comes with a day of meetings and engagements. Located on the 4th floor, it's packed with state-of-the-art workout machines.

Events

An inspirational event venue

NH Collection Frankfurt Spin Tower offers over 1.000 square meters of well appointed, high-tech meeting facilities, with separate break areas to make conferences, business meetings, corporate and social events a success.

Besides 11 flexible meeting rooms located on the first, second and third floor of the hotel, our terrace on the third floor unveils endless possibilities to become a significant place for your meetings and events.

Dedicated event planners are on site to fulfil all needs and support with ideas and personalized recommendations.

About NH Collection
