The oldest hotel of Amsterdam is an integral part of the city's rich history. Located in the medieval centre, it has been the preferred retreat of royalty for centuries. It has also played host to the art of Rembrandt, with each space inspired by his creations.

With the Kloveniersburgwal Canal on one side, and the River Amstel – from which the city derives its name – on the other, the setting is serene and relaxing, yet world-famous museums and attractions are minutes away on foot.

Immerse in all the vibrant city has to offer. Savour grand experiences and small moments of perfection in equal measure, brought to you with passion and the timeless hospitality of Tivoli.

# RESTAURANT AND BAR

---

## OMBER

Inspired by the craftsmanship of paintmaking and the limited colours Rembrandt Van Rijn used, restaurant Omber takes inspiration from the master. Omber is a rich brown tone, a signature colour in the works of art of Rembrandt. The tone is complex yet warm, elegant and sophisticated.

Omber elevates every dish to artistic heights, working with locally sourced ingredients that are combined in a unique way. The menu varies with monthly specials.

## OMBER BAR

The only break Rembrandt took during painting, was to drink a 'jenever' and to eat a herring sandwich. Please enjoy our chef and his take on this in the Omber bar. Several signature cocktails have been created with local jenever producer Wynand Fockink. The distillery process is exactly the same as in the Dutch Golden Age.

# EXPERIENCES

---

## INTO THE FOOTSTEPS OF REMBRANDT

Rembrandt Harmenszoon van Rijn was one of the Netherlands' most prolific artists, a master of the Dutch Golden Age who produced thousands of paintings, etchings and drawings. One of his most famous works, The Night Watch, was in fact commissioned for our property in 1642.

Today, you will retrace his footsteps with a local guide, visiting his home and studio, the gothic Zuiderkerk, his family church that featured in his art, and the artists' guild of De Waag, one of the oldest buildings in the city, which he also painted. Along the way, your guide will regale you with the rich details of his life, as well as his connection with our hotel.

## PAINT MAKING WORKSHOP

Minerals and oils on the table, grinding tools await you. Together with the Rembrandt Expert you can create your very own paint as Rembrandt would have done. Whilst painting and grinding, you learn about the life and craftsmanship of the grand Dutch master.
